

Product: Tattoo pigment No. 1 "Caracas"  
Supplier: Hanafy M., IE

Material Safety Data Sheet  
in accordance with Regulation (EC) No 1907/2006  
Version 1.0  
Revision date: 2024/08/27

| 1. IDENTIFICATION OF THE SUBSTANCE OR MIXTURE AND OF THE COMPANY |                                                                   |
|------------------------------------------------------------------|-------------------------------------------------------------------|
| 1.1 Product identifier:                                          | Tattoo pigment No. 1 "Caracas"                                    |
| 1.2 Applications:                                                | The product is used in cosmetology                                |
| 1.3 Supplier details:                                            |                                                                   |
| - Supplier                                                       | Individual entrepreneur Hanafy Mohamed<br>Mahmoud Mohamed         |

| 2. HAZARD IDENTIFICATION                                                                                                                                                                                                         |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 2.1 Hazard classification of the substance or mixture<br>This substance does not meet the classification criteria according to Regulation (EC) No 1272/2008                                                                      |
| 2.2 Label elements (CLP):<br>Not required                                                                                                                                                                                        |
| 2.3 Other hazards<br>The product does not contain SVHC substances > 0.1% according to Regulation (EC) No 1907/2006 §59 (REACH) The substances in the mixture do not meet the PBT / vPvB criteria according to REACH, Annex XIII. |

| 3. COMPOSITION / INFORMATION ON INGREDIENTS                     |            |                  |                                                                                                            |                                                                           |
|-----------------------------------------------------------------|------------|------------------|------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------|
| 3.1 General Product Specification: Mixture                      |            |                  |                                                                                                            |                                                                           |
| Declaration of ingredients according to CLP (EC) No. 1272/2008: |            |                  |                                                                                                            |                                                                           |
| EC №                                                            | CAS №      | Mass fraction, % | Substance name (IUPAC)                                                                                     | Hazard Classification in accordance with Directive (EC) № 1278/2008 (CLP) |
| 231-791-2                                                       | 7732-18-5  | 40               | water                                                                                                      | Not classified                                                            |
| 200-289-5                                                       | 56-81-5    | 20               | Glycerol                                                                                                   | Not classified                                                            |

|                                                                                                                    |
|--------------------------------------------------------------------------------------------------------------------|
| <b>4. FIRST AID MEASURES</b>                                                                                       |
| <b>4.1 First aid measures</b>                                                                                      |
| - following inhalation<br>Fresh air, peace, warmth. Seek medical attention if necessary.                           |
| - following skin contact<br>Wash off with soap and running water. Seek medical attention if necessary.             |
| - following eye contact<br>Rinse with running water with a wide open eye gap. Seek medical attention if necessary. |
| - following ingestion<br>Drinking plenty of water. Seek medical attention if necessary.                            |
| <b>Contraindications</b><br>Not                                                                                    |
| <b>4.2 Most important symptoms and effects, both acute and delayed</b>                                             |
| - following inhalation<br>Not observed                                                                             |
| - following skin contact<br>Not observed                                                                           |
| - following eye contact<br>With prolonged contact, redness, irritation of the cornea is possible                   |
| - following ingestion<br>Not observed                                                                              |
| <b>4.3 Indication of immediate medical attention and special treatment</b><br>Is absent                            |

## 5. FIREFIGHTING MEASURES

### 5.1 Extinguishing media

*Suitable extinguishing media:*

Water mist, foam, dry powder, carbon dioxide

*Unsuitable extinguishing media*

Direct jets of water

### 5.2 Special hazards arising from the substance or mixture

*Hazardous combustion products:*

Carbon monoxide, carbon dioxide, organic decomposition products.

### 5.3 Advice for firefighters

Wear a self-contained breathing apparatus.

## 6. ACCIDENTAL RELEASE MEASURES

### 6.1 Personal precautions, protective equipment and emergency procedures

#### 6.1.1 For non-emergency personnel:

Not required. The product is non-flammable.

*Protective gear:*

Breathing apparatus in case of high concentrations of product vapors in the air.

*Emergency procedures:*

Provide adequate ventilation. Use personal protective clothing. Keep away from sources of ignition. Wear breathing apparatus when exposed to vapors / dust / mist / aerosols. Do not breathe vapor or spray mist. After handling, wash your hands thoroughly with soap and water. In case of fire, use a flame retardant suit.

#### 6.1.2 For emergency services:

Remove damaged packaging from hazardous area. When pouring the product, shield with an earthen shaft, cover with inert material, collect in dry containers.

### 6.2 Environmental precautions

Do not allow to enter drainage system, sewerage system and surface water.

### 6.3 Methods and material for containment and cleaning up

Prevent and eliminate product leakage if possible. Small quantities of product and / or residues: Pick up with absorbent material (eg sand, diatomaceous earth, acid scavenger, universal absorbent or sawdust). Dispose of in accordance with approved regulations.

### 6.4 Reference to other sections

Proceed according to the instructions in section 5.

## 7. HANDLING AND STORAGE

### 7.1 Precautions for safe handling

No special precautions required

### 7.2 Conditions for safe storage, including any incompatibilities

The product is packaged in a 10 ml polymer tube.

Store at a temperature of +5 °C to +25 °C and a relative humidity of no more than 80%. Do not store the product under direct sunlight or at a distance of less than 0.5 m from switched on heating devices.

The guaranteed shelf life is 3 years from the date of manufacture.

After opening the package, store the product for no more than 12 months.

#### *Incompatible substances or mixtures*

Strong acids, strong bases

### 7.3 Specific application

No information available.

## 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

### 8.1 Control parameters

For monitoring procedures see, for example, Empfohlene Analysenverfahren für Arbeitsplatzmessungen, Schriftenreihe der Bundesanstalt für Arbeitsschutz and NIOSH Manual of Analytical Methods, National Institute for Occupational Safety and Health.

### 8.2 Exposure controls

#### 8.2.1 Appropriate engineering controls:

Handle in accordance with good industrial hygiene and safety practice.

#### *Technical measures to prevent exposure:*

General exchange supply and exhaust and local ventilation system

#### 8.2.2 Personal protective equipment:

Not required for normal product use

#### 8.2.3 Environmental exposure controls:

##### *Substance / mixture of related measures to prevent exposure:*

Not if they are processed as described.

##### *Measures to prevent exposure:*

Regular monitoring of the content of product vapors in the air of the working area.

##### *Organizational measures to prevent exposure:*

Not if they are processed as described.

##### *Technical measures to prevent exposure:*

Regular wet cleaning in production areas. Maximum mechanization and automation of the technological process.

## 9. PHYSICAL AND CHEMICAL PROPERTIES

### 9.1 Information on basic physical and chemical properties

- a) Appearance  
Orange colored liquid
- b) Odour  
Characteristic of this product
- c) Odour threshold  
Information is absent
- d) pH  
4,0-10,0
- f) Melting point / freezing  
Information is absent
- f) Initial boiling point and boiling range  
Information is absent
- g) Flash point  
Information is absent
- h) Evaporation rate  
Information is absent
- i) Upper / lower limits of flammability or explosive  
Information is absent
- j) Vapor pressure  
Information is absent
- k) Vapor density  
Information is absent
- l) Relative density  
Information is absent
- m) Solubility in water  
Information is absent
- n) Partition coefficient: n-octanol/water  
Information is absent
- o) Autoignition temperature  
Information is absent

p) Decomposition temperature  
Information is absent

r) Viscosity  
Information is absent

s) Explosive properties  
Information is absent

t) Oxidizing properties  
Information is absent

**9.2. Additional Information**  
Information is absent

## 10. STABILITY AND REACTIVITY

### 10.1 Reactivity

The product is stable under normal conditions of handling, storage and transport

### 10.2 Chemical resistance

Stable under normal storage conditions.

### 10.3 Possibility of hazardous reactions

Absent

### 10.4 Conditions to avoid

Avoid heating. Avoid temperatures below the crystallization range.

### 10.5 Incompatible materials

Strong acids, strong bases, strong oxidizing agents

### 10.6 Hazardous decomposition products

Absent when used as directed

## 11. TOXICOLOGICAL INFORMATION

### 11.1 Information on toxicological effects

- *Acute toxicity:*  
Shall not be classified as acutely toxic
- *Skin corrosion / irritation:*  
Not classified
- *Serious eye damage / irritation:*  
Not classified
- *Respiratory or skin sensitization:*

Not classified

- *Germ cell mutagenicity:*  
Not classified
- *Carcinogenicity:*  
Not classified
- *Reproductive toxicity:*  
Not classified
- *Summary CMR properties assessment:*  
The product is not carcinogenic or mutagenic.
- *STOT-single exposure:*  
Not classified
- *STOT-repeated exposure:*  
Not classified
- *Aspiration hazard:*  
Not classified

## 12. ENVIRONMENTAL IMPACT INFORMATION

### 12.1 Toxicity

Acute (short-term) toxicity:

*Fish:*

Not classified

*Crustaceans:*

Not classified

*Algae/aquatic plants:*

Not classified

*Other organisms:*

No information.

Chronic (long-term) toxicity:

*Fish:*

Not classified

*Crustaceans:*

Not classified

*Algae/aquatic plants:*

Not classified

*Other organisms:*

No data.

#### **12.2 Persistence and tendency to degradation**

*Abiotic Degradation:*

There is no data

*Physically and photochemical elimination:*

There is no data

*Biodegradation:*

There is no data

#### **12.3 Bioaccumulative potential**

*Partition coefficient n-octanol / water (Log Kow):*

There is no data

*Bioconcentration factor (BCF):*

There is no data

#### **12.4 Mobility in soil**

*Known or predicted distribution to the environment:*

There is no data

*Surface tension:*

There is no data

*Adsorption / Desorption:*

There is no data

#### **12.5 Results of PBT and vPvB assessment**

Substance is not PBT / vPvB

#### **12.6 Other side effects**

Information is absent

#### **12.7 Additional information**

Information is absent

### **13. DISPOSAL CONSIDERATIONS**

#### **13.1 Waste treatment methods**

Safety measures for handling waste are similar to those used for handling finished products. When disposing of waste, consult your regional waste disposal experts.

Do not empty into drains.

Disposal in accordance with EU directive 91/692 / EEC.

|                                                                                                                                                                                                            |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>13.2 Relevant provisions for waste</b><br>The allocation of code numbers / waste labeling is carried out in accordance with EAKV for industry and industrial processes.                                 |
| <b>13.3 Notes</b><br>Waste should be separated into categories that can be handled separately by local or national waste management facilities. Please refer to relevant national or regional regulations. |

## 15. REGULATORY INFORMATION

### 15.1 Safety, health and environmental regulations / legislation specific for the substance or mixture Relevant European Union (EU) regulations

- **Regulation 649/2012 / EU on the export and import of hazardous chemicals (PIC)**  
Not listed.
- **Regulation 1005/2009 / EC on substances that deplete the ozone layer (ODS)**  
Not listed.
- **Regulation 850/2004 / EC on Persistent Organic Pollutants (POPs)**  
Not listed.
- **Restrictions according to REACH, Appendix XVII**  
Not listed.
- **List of substances subject to authorization (REACH, Annex XIV)**  
Not listed.

### **Directive 2011/65 / EU on the Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment (RoHS) - Annex II**

Not listed.

### **Regulation 166/2006 / EC establishing European Pollutant Release and Transfer Registers (PRTRs)**

Not listed.

### **Directive 2000/60 / EC establishing a framework for Community action on water policy (WFD)**

Not listed.

### **National regulations**

Not

### 15.2 Material safety assessment

There is no data

## 16. OTHER INFORMATION

### Acronyms:

CLP - Regulation (EC) No 1272/2008 on the classification, labeling and packaging of substances and mixtures

EINECS - European Inventory of Existing Commercial Chemical Substances

ELINCS - European Inventory of Traceable Chemicals

MARPOL - International Convention for the Prevention of Pollution from Ships (abbr. Of "Marine Pollutant")

REACH - Registration, Evaluation, Authorization and Restriction of Chemicals

IUPAC - International Union for Pure Applied Chemistry

Product: Tattoo pigment No. 1 "Caracas"  
Supplier: Hanafy M., IE

Material Safety Data Sheet  
in accordance with Regulation (EC) No 1907/2006  
Version 1.0  
Revision date: 2024/08/27

vPvB - Very Persistent and Very Bioaccumulative.  
PBT - Persistent, Bioaccumulative and Toxic substance.  
LC50 - Lethal Concentration to 50% of a test population.  
EC20 - Effective concentration of 20%  
DL50 - Lethal Dose to 50% of a test population (Median Lethal Dose).  
NOEC: No Observed Effect Concentration  
STOT - Specific Target Organ Toxicity  
CAS - Chemical Abstracts Service number.  
EC - European Community.  
ADN - Accord européen relatif au transport international des marchandises dangereuses par voies de navigation intérieures  
ADR - Accord européen relatif au transport international des marchandises dangereuses par route  
RID - Règlement concernant le transport International ferroviaire des marchandises Dangereuses  
GHS - Globally Harmonized System of Classification and Labeling of Chemicals developed by the United Nations
